Technical Support and Customer Experience professional with experience supporting users in complex digital environments. Skilled in troubleshooting infrastructure-related issues, analyzing logs and system behavior, and resolving incidents across networked and Linux-based systems. Experienced in handling customer requests via multiple channels, escalating effectively, and contributing to service reliability through documentation, pattern analysis, and continuous improvement. Strong communicator with a customer-first mindset and the ability to explain technical concepts clearly.

SKILLS

Practical Computer Hardware & Troubleshooting, Software Development & Website Design, ArcGIS for Mapping & Surveying, IT Support & System Administration, Bug Tracking & Troubleshooting, Microsoft Office Suite & Database Management, Strong Communication & Customer Support, Problem-Solving & Analytical Thinking, Team Collaboration & Coordination

EXPERIENCE

Technical Support / Greenpeace Deutschland

JANUARY 2023 – SEPTEMBER 2024, HAMBURG

- TROUBLESHOOTING: Diagnosed and resolved technical issues, providing troubleshooting support to end-users.
- BUG TRACKING: Logged and tracked user-reported bugs, ensuring prompt escalation and resolution.
- DATA ANALYSIS: Analyzed user behavior data to identify patterns and recommend system improvements.
- UPDATES & MAINTENANCE: Collaborated with development teams to deploy updates and maintain system functionality.

Foreign Language Tech Support Assistant / European XFEL

MAY 2019 – DECEMBER 2023, HAMBURG

- WEBSITE MANAGEMENT: Managed website and internal display updates, ensuring accurate and timely information distribution.
- IT HELPDESK SUPPORT: Provided customer support via phone, email, and in-person interactions.
- SYSTEM ADMINISTRATION SUPPORT: Managing user accounts, databases, and digital records.
- TECHNICAL DOCUMENTATION: Creating and updating user manuals, troubleshooting guides, and FAQs.

Market Improvement Researcher / Phone Research Field GmbH

APRIL 2018 – JUNE 2019, HAMBURG

- MARKET RESEARCH: Conducted market research through phone interviews with audiologists in the USA.
- PRODUCT IMPROVEMENT DATA ANALYSIS: Designed surveys and gathered data for product improvement analysis.
- TECH INSIGHTS: Compiled detailed reports summarizing findings for client insights.

Software Development Assistant / IPIS - Iprogram Information Systems

JUNE 2016 – SEPTEMBER 2017, ACCRA

- SOFTWARE DEVELOPMENT: Assisted in software development and IT training sessions.
- IT DATA ANALYSIS: Conducted data analysis and problem-solving research for clients.
